

Prudential Zambia Transforms to WhatsApp- Centric Engagement

Unified, automated, compliant journeys for onboarding, renewals and collections

Introducing Prudential Zambia's digital vision: a customer-centric, compliant WhatsApp engagement engine powered by Marichi, delivering end-to-end policyholder experiences.

Prudential Zambia: Fragmented Communications Challenge

Overview of Zambia's insurance communications landscape and the opportunity to centralize via Marichi WhatsApp Platform.

01

Lead to policy

Manual handoffs slow onboarding

02

Renewals

Inconsistent reminders across channels

03

Payments

Fragmented collection reminders delaying cashflow

04

Servicing

No centralized view for claims and inquiries

How Prudential Zambia Faces Key Pains with Marichi WhatsApp Platform

01

Pain

Dispersed customer communications across agents and channels

02

Impact

Slower response times and inconsistent policyholder experience

03

Pain

Manual policy onboarding and lead follow-ups

04

Impact

Slower conversions and higher drop-offs
